Notes:

- Products are handled NOT AS A BUSINESS FOR-PROFIT, but are items purchased in bulk for personal use, which are made available to Members of health and diet non-profits such as the [CR Society](#).
- Bulk Items come in 50-Lb bags, 20-kg drums, 10kg canisters etc, and are then hand-packed and home-made for shipment in heavy ziplock polyethylene snap'n'seal envelopes. Shipment times vary, depending on my schedule, how busy I am, and availability of items in stock. Shipments go out within 1 to 5 days usually, but can take longer during busy periods.
- To make sure that you do not run out, please order extra, or larger sizes, and order in advance of need.
- Shipping is a flat \$7.00, and always free for orders over \$100 for all US shipments.
- Because these are food products, shipped out and away from the packaging and handling facility, they can not qualify for returns and refunds, even if unopened. This policy is necessary to protect purity and avoid any hazards of possible spillage, tampering, contamination, or spoilage.

What does this mean:

- **Sugar Equiv:** If we note "182-Kg /400-Lb Sugar-Equiv.", this means the small ziploc bag of sweetner you will receive will be equal to a 182-Kg/400-Lb. bag of regular cane sugar. It's clear that our package is mcuh easie to store and, of course, calorie-free!
